## Greetings Friends:

Since Congress hasn't gotten back in touch with me on my request for bailout funds I guess I will just have to get by the old fashioned way with hard work, just like everyone else who works in the Porsche business. Below is the result of some of that labor, here are 6 new wings for 996 and 997 that I'm sure will be popular with your customers. Like all of our parts these wings are of the highest quality with superb fit and finish. Please note, most 997 tailbases can now be ordered with your choice of liners: Carrera, GT3 or Turbo.

## New 2009 Catalog

Also new is our 2009 Catalog. It has a new format with more information, more pictures and current pricing. It is available as a paper catalog or it can be downloaded by clicking the link provided in the picture below; which will automatically download the wholesale web version. Our website contains the retail catalog with customer pricing.

## Insider Info

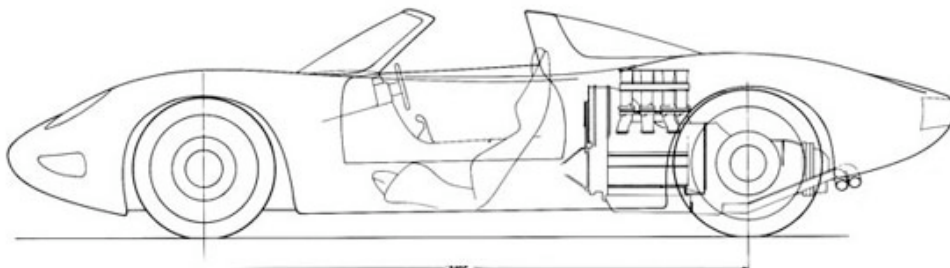

*Sources close to Porsche report on unsold race cars*

Currently there are 6, 2009 Grand Am spec Cup cars still for sale with an additional 20 unsold GT3 spec Cup cars. Rumor has it that at present Porsche has no plans to produce any new Grand Am spec Cup cars for next year.

## *'Name that Car' Contest*

E-mail me the Getty Design name of this car that I built in the early 90's during the height of the Porsche conversion craze. I will draw a winner's name from the correct entries and award a 20% off coupon towards their next purchase.
